

Mathematics 226H – Geometry I: Euclidean geometry
TRENT UNIVERSITY, Fall 2006

Problem Set #8

Due in class on Friday, 17 November, 2006.

1. Exercise 3C.2 (the one on p. 116, not the one on p. 117) [5]
2. Exercise 3C.5 [5]

Last Things First

Solutions to problems
are easy to find:
the problem's a great
contribution.

What is truly an art
is to wring from your mind
a problem to fit
a solution.

On Problems

Our choicest plans
have fallen through,
our airiest castles
tumbled over,
because of lines
we neatly drew
and later neatly
stumbled over.

A pair of "grooks" by Piet Hein.
