

Mathematics 3820H – Mathematics from medieval to modern times

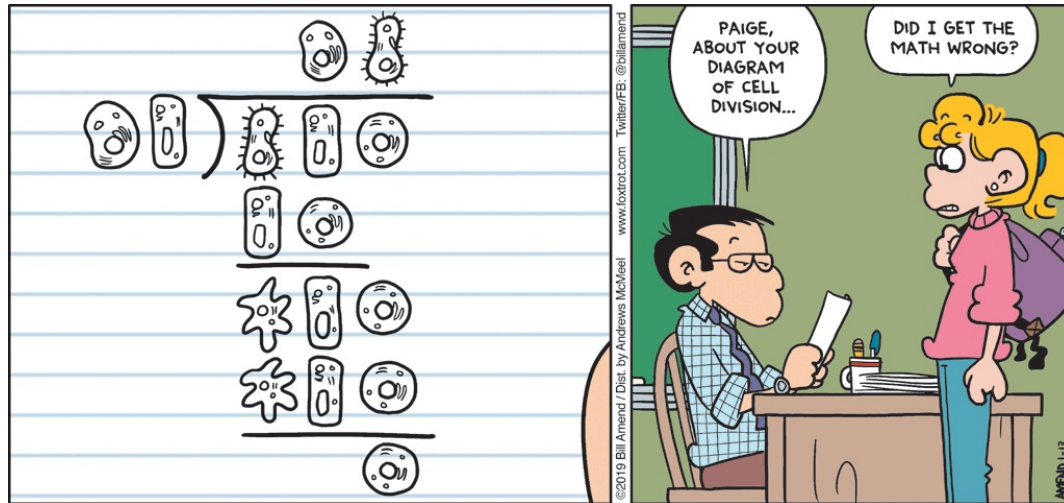

TRENT UNIVERSITY, Winter 2018

Assignment # φ

Extracting Understanding Nowadays

Due on Friday, 18 January, 2019.

In case dealing with medieval mathematics is a pain, consider the calculation in the following comic [1]:

1. Assuming that the different cell types are distinct decimal digits and that the math is indeed correct, reconstruct everything you can about the calculation given in the comic. [+1 bonus on Assignment #1]
